

# ROSEMARY HERBAL INFUSION

THIS PRODUCT IS THE RESULT OF A VALUABLE AND Meticulous process by which herbal infusion is obtained from rosemary leaves in a water-alcohol solution; this solution is used as a natural dye in order to preserve the typical scent and colour of the plant itself.

Thanks to its medium alcohol content, the product is extremely versatile: it can be served at the end of a meal (the recommended temperature is 4 to 6 degrees) or even as an ingredient for classy cocktail recipes.

HEALTH BENEFITS OF ROSEMARY:

LIVER CLEANSING PROPERTIES, WITH TONIC-DIGESTIVE EFFECTS.

THE PLANT HAS IMPORTANT ANTIOXIDANT AND ANTI-MICROBIAL EFFECTS THAT CAN HELP REDUCE INFECTIONS OF THE RESPIRATORY TRACT.

DATA SHEET:

ALCOHOL BY VOLUME: 19,5%

BOTTLE CAPACITY: 500 ML
